File Date	July 25, 2001	
Examiner	Aghdam, Freshteh N.	
Title	System And Method For Predistorting A Signal Using Current And Past Signal Samples	

ASSISTANT COMMISSIONER FOR PATENTS AND TRADEMARK
WASHINGTON, DC 20231

Dear Sir:

AMENDMENT

In response to the Office Action dated November 5, 2004, please consider the following remarks on the above-identified patent application as follows.

Introductory Comments:

In the Office Action, the Examiner objected to the disclosure for not describing FIG. 4 in the Brief Description of the Drawings. The Examiner rejected claims 1-10 under 35 U.S.C. 102(e) as being anticipated by U.S. Patent No. 6,798,843 to Wright et al. ("Wright").
